

BEFORE THE  
POSTAL REGULATORY COMMISSION  
WASHINGTON, D.C. 20268-0001

MODIFICATION OF MAIL CLASSIFICATION  
SCHEDULE FOR GLOBAL RESELLER EXPEDITED  
PACKAGE CONTRACTS

Docket No. MC2015–18

**NOTICE OF MINOR CLASSIFICATION CHANGE**  
(December 9, 2014)

Pursuant to 39 C.F.R. §§ 3020.90 and 3020.91, the United States Postal Service (Postal Service) hereby gives notice of minor changes to the Mail Classification Schedule (MCS) concerning the competitive mail product Global Reseller Expedited Package Contracts, which is the subject of MCS section 2510.7.<sup>1</sup>

The minor changes noticed in this docket revise the requirements for postage payment for reseller's customers for Global Reseller Expedited Package Contracts. In the Commission's most recent version of the MCS, section 2510.7.1b states that "[t]he reseller's customers are required to use PC Postage from an authorized PC Postage vendor for payment of postage or use an authorized Meter Provider using devices and methods for data entry authorized by the Postal Service."

The Postal Service proposes that this sentence be changed so that it states that, "[t]he reseller's customers are required to use PC Postage from an authorized PC Postage vendor, or any other method authorized by the Postal Service under the reseller's Global Reseller Expedited Package contract, for payment of postage."

---

<sup>1</sup> See PRC, (Draft) Mail Classification Schedule, posted January 27, 2014 (with revisions through: November 25, 2014), available at <http://prc.gov/prc-pages/library/mail-classification-schedule/default.aspx?view=mail>.

This revision will allow the Postal Service to offer Global Reseller Expedited Package contracts to resellers whose customers use various postage payment methods authorized by the Postal Service. This measure would enable the Postal Service to offer its own permit shipping software, such as Global Shipping Software, to resellers.

Such software is currently used by Global Expedited Package Services 3 contract customers, so the Commission should already be familiar with this method of payment postage through those instruments.

The Postal Service hereby submits to the Commission these changes in the Mail Classification Schedule, as shown in a Word document filed separately. The Postal Service believes that the changes are consistent with 39 U.S.C. § 3642 and should be incorporated by the Commission into the MCS.

Respectfully submitted,

UNITED STATES POSTAL SERVICE

By its attorneys:
